PRESIDENTIAL COMM. NO. 18227
FSM CONGRESS

The reasons I am not affirmatively approving of these acts by signing them into law is because of the following troubling characteristics:

1. There were no public hearings or committee reports, as had been formally discussed would be the case.
2. There had been multiple amendments to the original appropriations that resulted in confusion as to the true intentions of Congress for the public projects and programs, and have created extreme difficulties in implementation of the projects and programs, such as tracking the multiple changes.
3. Changes of recipients and purposes with no clear justification or reasoning.
4. No clear eligibility criteria for appropriation recipients.
5. Unclear linkage as to how recipients' use of appropriations will lead to overall, sustained economic development for the country.

As previously suggested, it would be helpful to set a policy to limit up to three the number of amendments per Act in order to avoid the problems as outlined above. And I again urge that in the future public hearings are held and committee reports issue, in order to assure transparency in the process.

With warm personal regards, I remain,

Sincerely,

Manny Mori
President
