

A RESOLUTION

Requesting the President of the University of Guam and the Director of the Marine Laboratory of the University of Guam to investigate the possibility of the cultivation of living marine resources on Pulusuk Island, State of Truk, Federated States of Micronesia.

1 WHEREAS, there exists on Pulusuk Island in the State of Truk a
2 large lake which may be suitable for the cultivation of living marine
3 resources; and

4 WHEREAS, the establishment of a large living marine resources pond
5 on Pulusuk Island would contribute to the economic development of the
6 State of Truk; now, therefore,

7 BE IT RESOLVED by the First Congress of the Federated States of
8 Micronesia, First Regular Session, 1979, that the President of the
9 University of Guam and the Director of the Marine Laboratory,
10 University of Guam, be requested to conduct a scientific survey of the
11 lake to determine the feasibility of living marine resources cultivation
12 on Pulusuk Island and to submit the findings to the Governor of Truk,
13 the Truk State Legislature, and the Congress of the Federated States of
14 Micronesia; and

15 BE IT FURTHER RESOLVED that certified copies of this Resolution
16 be transmitted to the Governor of Guam; the Speaker of the Guam
17 Legislature; the President of the University of Guam; the Director of
18 the Marine Laboratory, University of Guam; the Governor of the State
19 of Truk; the Speaker of the Truk State Legislature; the Magistrate of
20 Pulusuk Municipality; and the United Nations Development Programme
21 Project Manager.
