A RESOLUTION

Respectfully urging the President of the Federated States of Micronesia to specifically request that the United States Government continue the U.S. Department of Agriculture Food Services Program.

1           WHEREAS, under the terms of the Compact of Free Association,  
2 the U.S. Department of Agriculture's Food Services Program, which  
3 provides hot lunches to school children throughout the Federated  
4 States of Micronesia, will be one of the United States federal  
5 programs in education to be completely phased out by the end of  
6 fiscal year 1989; and

7           WHEREAS, the educators and governmental leaders of the National  
8 and State Governments have previously acknowledged that the phase out  
9 of U.S. federal programs will have, in general, a serious detrimental  
10 effect upon the education and development of the nation's youth; and

11           WHEREAS, the U.S. Department of Agriculture's Food Services  
12 Program has played a particularly important role in contributing to  
13 the nutritional well-being of the nation's young students, and in  
14 promoting an environment conducive to learning; and

15           WHEREAS, the U.S. Department of Agriculture's Food Services  
16 Program has also yielded a beneficial impact on the local economy by  
17 providing an additional market for local farmers and fishermen; and

18           WHEREAS, the Fourth FSM State and National Legislatures'  
19 Conference has specifically included the U.S. Department of  
20 Agriculture's Food Services Program in its list of high priority U.S.  
21 federal programs which it requested the President of the Federated  
22 States of Micronesia, via Conference Resolution No. 4-15, to urge the  
23 United States Government to continue; now, therefore,

24           BE IT RESOLVED by the Sixth Congress of the Federated States of  
25 Micronesia, First Regular Session, 1989, that the Congress hereby
