A RESOLUTION

Respectfully requesting the President of the Federated States of Micronesia to reevaluate the structure and operations of the executive branch in order to develop methods of effecting greater efficiency and cost savings.

1 WHEREAS, the first step-down in funding under the Compact with
2 the United States of America is eminent; and

3 WHEREAS, the Congress is desirous of seeing positive steps
4 being taken by all the branches of government to reduce waste and
5 needless duplication of functions and services; and

6 WHEREAS, it has come to the attention of Congress during
7 oversight and appropriation hearings with the executive branch that
8 there appear to be areas where consolidation of functions and
9 operations would permit a reduction in funding requirements while at
10 the same time providing the same level of services; now, therefore,

11 BE IT RESOLVED by the Seventh Congress of the Federated
12 States of Micronesia, First Regular Session, 1991, that the President
13 is hereby respectfully requested to review and reevaluate the current
14 structure and operations of the executive branch in order to develop
15 methods of effecting greater efficiency and cost savings; and

16 BE IT FURTHER RESOLVED that certified copies of this resolution
17 be transmitted to the President of the Federated States of Micronesia
18 and the Budget Officer for the National Government.
