A RESOLUTION

Requesting the Governor of each State and the President of the Federated States of Micronesia to establish a unified system for the purchase and management of pharmaceuticals for the State centers and outer-island dispensaries of the Federated States of Micronesia.

1 WHEREAS, the delivery of an efficient and cost-effective health care
2 system in the Federated States of Micronesia poses for the government a
3 challenge of great dimensions; and

4 WHEREAS, unless the different State governments in conjunction with the
5 Federated States of Micronesia National Government can coordinate their efforts
6 in the public health field there is great potential for duplication of effort
7 and resulting inefficiency; and

8 WHEREAS, there is a present need for each of the four States and the
9 Federated States of Micronesia National Government to establish a unified
10 system for the purchase and management of pharmaceuticals so as to allow for
11 more efficiency and cost-saving; and

12 WHEREAS, the purchase and management of pharmaceuticals for the Federated
13 States of Micronesia appears to be one area which public health administrators
14 should be capable of organizing into a unified system; and

15 WHEREAS, if a unified system for the purchase and management of
16 pharmaceuticals could be established in the Federated States of Micronesia it
17 would possibly lay the groundwork for other joint efforts in the public health
18 field; now, therefore,

19 BE IT RESOLVED by the Third Congress of the Federated States of Micro-
20 nesia, Third Regular Session, 1984, that the Governor of each State and the
21 President of the Federated States of Micronesia are hereby requested to seek
22 ways to establish a unified system for the purchase and management of
23 pharmaceuticals for the State centers and outer-island dispensaries of the
24 Federated States of Micronesia; and

25 BE IT FURTHER RESOLVED that certified copies of this resolution be trans-
